

# BEAT THE ALLERGY BLUES

Spring is the allergy season for many of us and sneezing, an itchy and runny nose and watering eyes are common signs of hayfever at this time.

Naturo Pharm has recognised the important role homoeopathy has to play in everyday life and manufactures products that have been formulated to help you maintain, or regain, good health during the allergy season or at any time when an allergic reaction occurs.

Allergies have many causes and take many forms. Naturo Pharm's **Allermed Relief** assists the body's natural immune response to allergic reactions caused by foods, plants, clothing, chemicals and insect bites and stings and has soothing properties. For best results, in the case of allergies on the skin, use the oral and topical forms of **Allermed Relief** together.

**Are your sinuses blocked?** Naturo Pharm's **Sinumed Relief** helps to clear nasal passages and the throat and assists normal breathing.

Naturo Pharm products contain no drugs and are suitable for use by the whole family, irrespective of age. Many Naturo Pharm products are available in oral sprays, which are convenient and easy to use and also offer the fastest action of all medicinal dose forms<sup>(1)</sup>.
